Indian Institute of Science Education and Research

Dec 2021 - May 2025

Bachelor of Science; Data Science and Engineering Major | **8.34/10 CGPA (First Class)**

Bhopal, India

- Relevant Coursework** - Data Structures and Algorithms, Natural Language Processing, Data Science in Practice, Database Management Systems, Artificial Intelligence, Machine Learning, Deep Learning

WORK EXPERIENCE

Business Consultant | Blackmont Consulting | Leeds, United Kingdom

Jun 2025 – Oct 2025

- Led strategic market positioning for sustainable retail client based out of Nottingham in a 6-member team through comprehensive competitive benchmarking, uncovering 3 differentiated value propositions that informed £50K+ growth strategy.
- Architected partnership ecosystem by identifying and vetting 5 mission-aligned local businesses, designing collaborative go-to-market frameworks projected to increase customer acquisition by 35%.
- Designed customer experience transformation through end-to-end journey mapping survey (200+ respondents), identifying 7 critical friction points and recommending digital touchpoint enhancements to improve brand resonance by 40%.
- Delivered operational scalability roadmap by analyzing workflows across 3 business units, proposing process automation opportunities that could reduce operational costs by 25%.

Data Analyst Intern | Amukha Technologies | Mumbai, India

Dec 2024 - Jan 2025

- Engineered predictive pricing models using advanced time-series analysis (ARIMA, Prophet), improving forecast accuracy by 27% and enabling proactive pricing strategies for commodity markets worth \$2M+ in monthly trade volume.
- Discovered leading market indicators through sophisticated lead-lag correlation analysis between commodity metrics and financial KPIs, achieving 85% predictive accuracy and informing strategic hedging decisions.
- Transformed raw government data from Agmark Net into executive-ready insights, building automated data pipelines and interactive dashboards that reduced reporting time by 60%.

SKILLS

- Strategic & Predictive Analysis, Business Transformation, Market Research, Statistical Modeling, Digital Transformation
- IT Skills** - Python, SQL, R, Tableau, Power BI, Excel, Scikit-learn, TensorFlow, PyTorch, Pandas, JIRA, Confluence, Git, Postman
- Certifications** - Data Science Certification (BCG X), Management Consulting Simulation (PwC)
- Workshops and Awards** - 180 DC Consult School 2.0, 7th Summer School on AI IIIT Hyderabad
- Languages** - English (Proficient), Hindi (Native), Bengali (Native)

PROJECTS

Algorithmic Recourse in Crop Recommendation Systems

Jan 2025 – Apr 2025

- Developed Explainable AI frameworks using DICE and Alibi for counterfactual explanations, enabling 1000+ farmers to act on ML-driven crop recommendations with 98% model accuracy across ANN, Random Forest, LGBM, and Bayesian Networks.
- Secured \$38,000 funding by presenting compelling business case to government, NGOs, and farming cooperatives, validated through LIME attribution and novel feasibility-cost-impact metrics.

Optimization of Hospital Locations Using Hill Climbing and Genetic Algorithms

Jan 2024 – Apr 2024

- Optimized emergency healthcare access using Hill Climbing and Genetic Algorithms on spatial data, achieving 92% better accessibility scores and reducing emergency response times by 4.5 minutes for 5,000+ campus community members.

LEADERSHIP

- Coordinator, Placement Cell** -Transformed career outcomes by spearheading 30-member placement team, implementing targeted database mining and recruiter outreach strategies that increased placement offers by 30% and employer partnerships by 45%.
- Founding Member & Marketing Head, Entrepreneurship Cell** -Scaled entrepreneurial ecosystem by driving 400% increase in program participation through strategic marketing campaigns and event orchestration, managing budgets and cross-functional logistics.
- Peer Counselor, Institute Counseling Cell, IISER Bhopal** -Championed mental wellness by creating confidential support frameworks and facilitating workshops for 200+ students with 90% positive feedback ratings.
